"Very cool place, I loved the decor. If it was on the Main Street there would be a queue out the door...it's got a really cool vibe. The food was so tasty and service was great."

### Trip Advisor comment

"Amazing! Maynooth is lucky to have Kin Khao! Awesome food. We were there with young kids, and staff were so accommodating. Really can't describe how awesome the food is. Presentation is amazing too. Everything so fresh. I haven't had a papaya salad as good since I was in Thailand."
