

Was in the mood for Thai and their ingredients are so authentic, the real stuff. Had the pork starter and the sauce to compliment it was excellent. All fresh ingredients....Followed by Red Thai beef curry with brown rice which was excellent. Friendly service to the door where you are told to "Enjoy your meal". In summary, this is proper Thai food cooked by proper Thai chefs with natural, fresh ingredients. A great experience.

Brilliant and very authentic Thai food - they do serve standard dishes like green curries etc but really worth trying the more unusual dishes like Esarn dishes. It also has very cool decor based around old Thai movies and street signs. The type of place you'd expect in a trendy corner of London, not on the outskirts of Maynooth! - Google My Business: 2020
